PROFESSIONAL SUMMARY

Cybersecurity diploma student with advanced technical skills in network security, ethical hacking, and data analysis. Several years of hands-on experience at Al-Hilal Saudi Club in administrative coordination and field leadership. Currently seeking a job opportunity to apply my technical skills in data protection and cyber risk management within a professional work environment.

WORK EXPERIENCE (AL-HILAL SAUDI CLUB)

Administrative Secretary

- Handled full administrative coordination of department operations, including preparing accurate schedules, drafting letters, reviewing invoices, and issuing periodic reports to management.
- Managed correspondence and coordination between different departments to ensure efficient workflow.

Assistant Weightlifting Coach | 2022 – Present

- Contributed effectively to sports training programs and organized schedules for training sessions and championships.

Events Organizer / Umrah Services Coordinator

- Managed logistics operations for Umrah services, coordinated field teams, and organized group movements to ensure a smooth experience.

TECHNICAL SKILLS (SECURITY & IT)

- Cybersecurity: network security, ethical hacking fundamentals, digital forensics, and vulnerability assessment.
- Security tools: Wireshark, Nmap, Burp Suite, Metasploit, Kali Linux.
- Programming & web: Python, SQL, HTML5, CSS3, JavaScript.
- Data analysis (Power BI, NumPy, Pandas): transforming data into interactive reports.
- Systems: Windows Server, Linux fundamentals, and Cisco configuration.

TECHNICAL PROJECTS

- Integrated web platform development: built a complete website including an e-commerce store, a secure database, and a user registration system.
- Technical lab exercises: simulated network scanning and vulnerability remediation in virtual environments.

EDUCATION

- Cybersecurity Diploma | Academy of Learning Institute (AOL) | Graduating 2026.
- General secondary education (high school).

CERTIFICATIONS

- Preparatory Course for Weightlifting Coaches (16 training hours): Leaders Development Institute (LDI) – Ministry of Sport, 2024.
- Data Analysis Track (16 training courses): Tuwaiq Academy.
- HTML Essentials: Cisco Networking Academy.
- Electronic Secretarial & Office Management: Science Technologies Training Center.

LANGUAGES

- Arabic: native language.
- English.
- Urdu.

SOFT SKILLS

- Leadership and teamwork.
- Administrative organization and time management.
- Technical problem-solving and working under pressure.
